

# LATIN PERCUSSION

## SALSA

What is Salsa? Salsa is a style of music that developed from the traditional music of Cuba and Puerto Rico. It comes from a blending of Spanish and African Percussion music and has reached audiences from around the world with its dance rhythms. The salsa drumming style uses many different instruments and patterns. All of the parts work together to create an excitingly rhythmic groove used for Latin dancing.

Here are the instruments and their parts:

Claves

Timbales

Congas
